This book is a work of fiction. Any resemblance to actual persons, living or dead, is purely coincidental.

Tommy and Alex,
two curious friends,
loved learning new
things every day.

They felt truly
blessed by the
world around them.

Tommy's grandma
taught him a special
phrase, "Health,
Safety, & Prosperity."

These words help
everyone understand
what it means to be
truly blessed.

Alex showed Tommy a big book she found.

“This book talks about three important things: Health, Safety, and Prosperity,” she explained.

Tommy remembered the phrase his grandma talked about.

Today, Tommy and
Alex discovered a
special new phrase
to investigate:

“Health, Safety, and
Prosperity.”

They decided the
three words are like
strong pillars.

Alex said, “First is health. That means having a strong body and a happy, active mind.”

Tommy
nodded,
“Like eating
yummy fruits
and veggies,
and playing
outside.”

Tommy thought
about how his
healthy body helped
him run fast, and Alex
loved how her mind
helped her learn new
things in school.

“What does it say
about safety?”
asked Tommy.

Alex said, “Safety
means staying
protected from
anything or anyone
that could hurt you
or others.”

Alex added, “Safety means making smart choices, like looking both ways before crossing a street or telling a grown-up if something feels wrong.”

It's knowing who to
trust and staying
protected from
anything that could
hurt you. Always
have a good circle
of friends.

Tommy said,
“Like wearing
your helmet
when we ride
bikes or
skateboards.”

“And what’s the last one?” Tommy asked, “Prosperity?”

Alex beamed,
“Prosperity means
growing and doing
well in life.”

“It’s about learning new things, working hard, and sharing your blessings to make the world a better place,” Alex added.

“That means thriving and having enough to grow and succeed,” Tommy said.

“Yes!” Alex agreed. “It’s having what we need, like food, a warm home, and opportunities to learn and dream.”

Tommy said, “Like
having good friends
and learning in
school. It’s not just
what you want but
what you need to
succeed.”

Tommy and Alex now
know that being
blessed wasn't about
wishing for good
things to happen, but
about working
towards a life of
“Health, Safety &
Prosperity” every day.

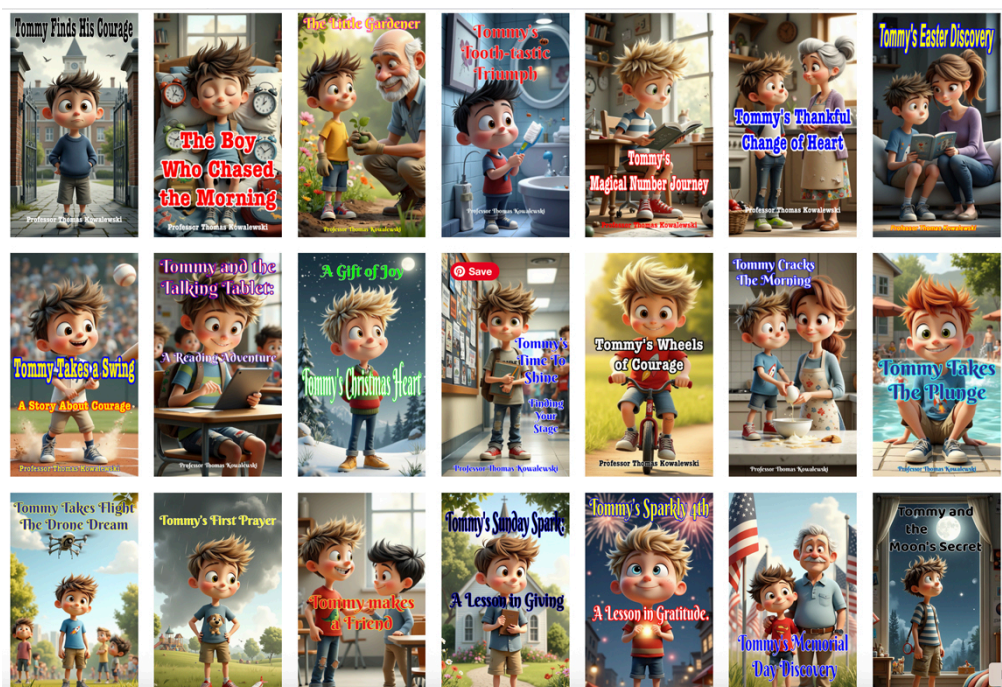

And by doing so,
they helped build
a healthy, safe,
and prosperous
future, not just for
themselves, but
for everyone
around them.

Health, Safety, &
Prosperity weren't just
big vocabulary words,
but they are the
ingredients for a
wonderful life.

Just imagine your
possibilities.
